Peconic Landing named one of the Best Companies to Work for in New York State

Greenport, NY – Peconic Landing is excited to announce it has been named 6th best company to work for in the small/medium size business category by The New York State Society for Human Resource Management.

The news was announced during the eighth annual “2015 Best Companies to Work for in New York” awards ceremony which was held in May honoring 65 companies across both small/medium and large categories. With 220 employees, Peconic Landing currently falls in the small/medium category.

Created in 2007, the annual distinction program evaluates and ranks the best places of employment based on employee satisfaction and engagement, workplace benefits, practices and policies.

Peconic Landing took part in the society’s two-pronged evaluation approach, which included feedback directly from employees via an online engagement and satisfaction survey as well as submission of a questionnaire about the company’s benefit offerings and policies.

“Peconic Landing truly values its team members as they are the greatest asset we have in achieving our mission,” said Robert J. Syron, president/CEO. “We strive to make Peconic Landing an outstanding place to work and to give back to the employees who give so much of themselves to our members.”

To celebrate and thank the members of the Peconic Landing team, management organized a backyard barbeque where leadership served employees lunch, complete with an ice cream sundae station.

Teresa Pogorzelska, who has been with the organization since inception, called her position “very rewarding.” She has worked in housekeeping for the past 13 years.

“I like my job, I like working with people. I like helping people,” said Pogorzelska. “The company, it is fair. The benefits are good and I’m happy. I also like to help train the new employees and teach them the tricks of the trade.”

Georgia Charland, a seven year member of Peconic Landing's dining services team said, "I look forward to going to work every day and seeing the residents smiling faces."

"While working with the residents is my favorite part of the job, we also have a great dining services team," Charland said.

The New York State Society for Human Resource Management is an affiliate of the nation's largest association devoted to human resources, serving the needs of and advancing the interests of the HR profession.
